Kit 1217

SATURN SL, 4-dr sedan, 96-01 (USA)

GB

Before the load carrier can be fitted, tensioning attachments must first be mounted. **The tensioning attachments should always be left on the vehicle** (The load carrier should be removed when not in use). Read through these instructions carefully before starting the work of assembly. If you have any doubt about how to proceed, ask your local Thule dealer for advice. *You will need a TORX tool, number 15, for assembly.*

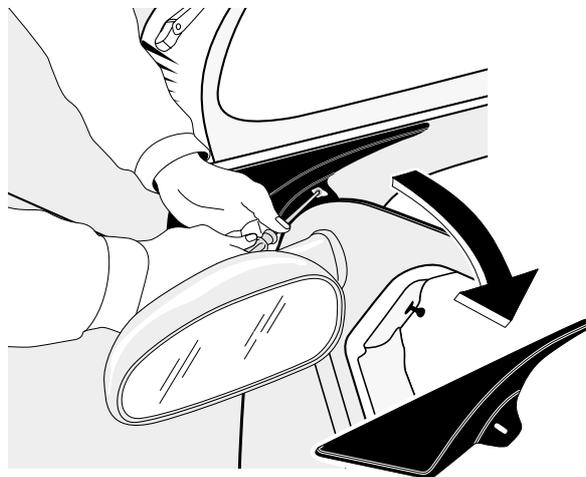

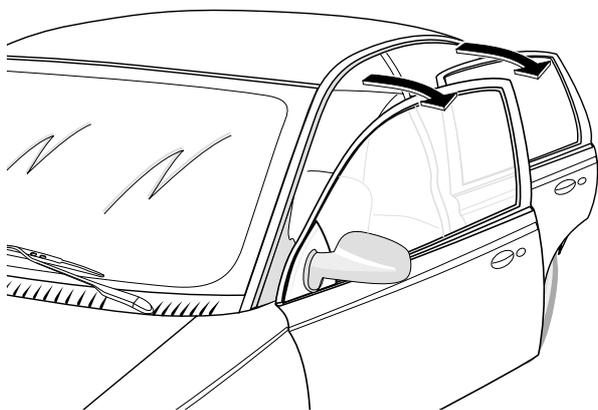

F

Pour pouvoir monter le porte-charge, il est nécessaire de mettre en place 4 fixations pour les pattes de serrage. **Les fixations pour les pattes doivent toujours rester en place** (Le porte-charge doit être enlevé lorsqu'il ne sert pas). Avant de procéder au montage de ces fixations, lire attentivement la notice et contacter votre garage habituel si quelque chose ne vous semble pas clair. *Pour le montage, il vous faut une clé TORX n° 15*

E

Para poder montar los porta-equipajes se tienen que colocar 4 placas de sujeción. **Los placas de sujeción deben dejarse siempre** (El porta-equipajes deberá quitarse después de usarlo). Antes de empezar a montar las placas lea minuciosamente las instrucciones de montaje. Póngase en contacto con su taller si tuviera dudas sobre algún aspecto. *Durante el montaje precisará una llave TORX número 15.*

4a

GB Open the doors. Remove the plastic cover behind the door. Unscrew the TORX screw (1 off) using TORX tool 15 and remove the cover.

F Ouvrir les portes. Pour déposer le capot plastique situé derrière chaque porte, dévisser la vis TORX qui le fixe.

E Abra las puertas. Desmonte la cubierta de plástico detrás de la puerta. Desenrosque el tornillo TORX (1 tornillo) con la llave TORX 15 y quite la cubierta.

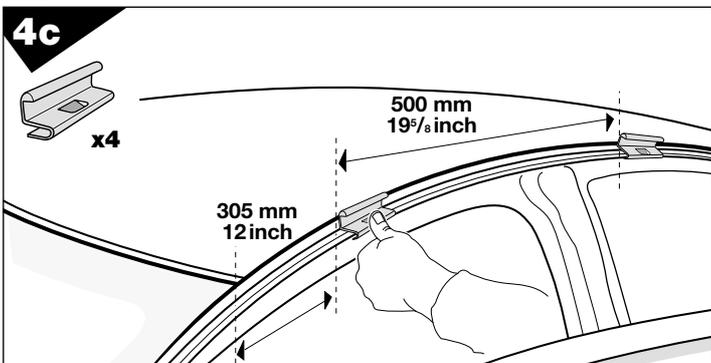

4b

GB Unscrew the 10 TORX screws which keep the plastic moulding in place. Bend the moulding out a bit as shown in the picture.

F Dévisser les 10 vis TORX qui maintiennent chacune des moulures plastiques et écarter les moulures comme le montre l'illustration.

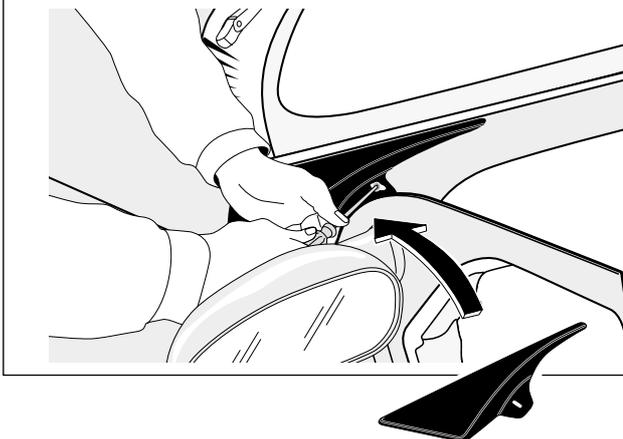

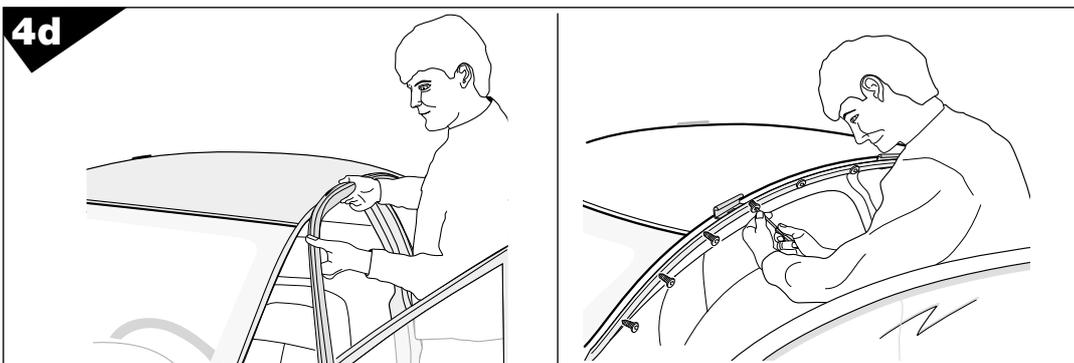

E Desenrosque los tornillos TORX (10 tornillos) que sujetan la moldura de plástico. Levante una parte de la moldura tal como muestra la ilustración.

GB Press the tensioning attachment onto the moulding.

F Emboîter les fixations des pattes de serrage sur les moulures.

E Haciendo presión, introduzca y encaje las piezas de sujeción en la moldura.

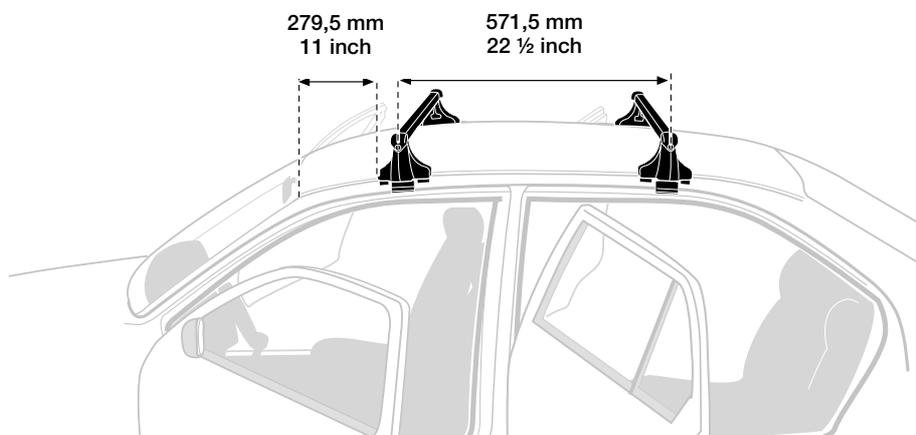

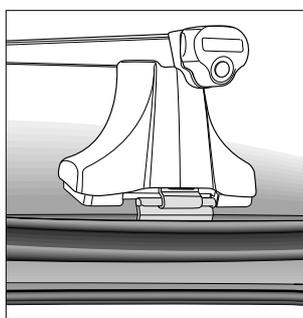

GB Re-fit the moulding and the plastic cover.

F Remettre en place les moulures et les capots plastiques.

E Vuelva a montar la moldura y cubierta de plástico.

5a 5b

GB Hook the brackets into place in the tensioning attachments.

F Accrocher les pattes spécifiques sur les fixations.

E Encaje la abrazadera en las piezas de sujeción.
